Sandia View Christian School (SVCS) makes an effort to promote the positive activities, honors and work of our students in our internal celebrations as well as in our community marketing efforts. We do this using a variety of media formats and publications, including but not limited to brochures, postcards, displays, website and slide shows. An essential component of each of these formats and publications is images of our students. Images have tremendous power to engage online users and readers. Publicizing a student's work will encourage our students to strive for excellence in his or her schoolwork as well as provide a glimpse of the educational experience at SVCS. During the course of the school year, there will be times when pictures or videos of your child may be taken that support their education, promote community service or encourage positive behavior. These photos and/or videos include but are not limited to field trips, sporting events, special programs and events, along with normal classroom routines.

I understand that any picture or video of a student posted to the website whether individual, group or team will not include personal information. Some of the pictures or videos may be action or candid shots taken during participation in an event while other pictures or videos may be staged for specific purposes. Group shots such as class or team pictures posted to the website may be identified by team or class name, but no individual names will be included. In some cases, the initials of a student might be included in such media so that members of the SVCS family might celebrate the accomplishments of the student's work. I have been informed that with my permission below, an image of and the work of my child may be used in the various media publications of Sandia View Christian School. I understand the conditions under which images and students' work may be used.

Yes - I hereby consent to authorize SVCS permission to use my child's photo, video or class work/art for the purposes mentioned above. I understand and agree that SVCS may use these photos, videos and class work/art in subsequent school years unless I revoke this authorization in writing to SVCS.

No - I withhold permission for SVCS to use my child's photo, video or class work/art for any SVCS media as mentioned above.

Sandia View Christian School of the Seventh-day Adventist education system is pleased to offer their students access to a computer network for electronic mail and the Internet. To gain access to email and the Internet, both parent and student must sign and return this form to the school.

The Internet is a powerful resource for expanding the education experience of each student. Access to email and the Internet will enable students to explore thousands of libraries, databases and bulletin boards while exchanging messages with Internet users throughout the world. Unfortunately, it is true that some material accessible via the Internet may contain items that are illegal, defamatory, inaccurate or offensive. We believe, however, that the benefits to students in the form of information resources and opportunities for collaboration exceed any disadvantages and therefore, support the school's choosing to make the Internet available to our students. But because ultimately, parents and guardians are responsible for setting and conveying the standards that their children should follow when using media and information sources, we respect each family's right to decide whether or not to apply for access for their student while at SVCS.

Since the network is provided for students to conduct research and communicate with others, access is given to students who agree to act in a considerate and responsible manner. Parental permission is required. **Access to our Internet is a privilege-not a right.** Access entails responsibility.

Students are responsible for Christian behavior and communication on the school computer network, just as they are anywhere on the school campus. It is presumed that users will comply with school standards and will honor the agreements they have signed. The school takes very seriously the responsibility for appropriate use of the network. School staff will guide students toward resources acceptable within the framework of the general school standards. If a student should access inappropriate material, the school will not be liable and the student will forfeit network privileges at this institution.

Computer storage files will be treated like school lockers. School staff may review files and communication to maintain system integrity and insure that users are using the system responsibly.

Students will adhere to Christian principles and will:

- be responsible and courteous in all communications utilizing technology,
- be responsible with all computer hardware and software,
- keep their passwords to themselves,
- respect the confidentiality of folders, work and files of others,
- learn about and observe copyright laws.

Any activity not in accordance with these general rules may result in a loss of access as well as other disciplinary or legal action.

## USER AGREEMENT AND PARENT PERMISSION FORM

As a user of the school's computer network, I agree to comply with the above stated rules (on the front) – communicating over the network in a reliable fashion while honoring all relevant laws and restrictions.
